

Resuscitation 2023 Scientific Programme (preliminary programme)									
Thursday, November 2			Friday, November 3			Saturday, November 4			
Auditorium (Main session)	Room 6	Room 5	Auditorium (Main session)	Room 6	Room 5	Auditorium (Main session)	Room 6	Room 5	
Morning 1 - 08:30-09:45 75 min session			<b>UEFA - ERC collaboration</b> Speakers: - Federico Semeraro - Koen Monsieurs - UEFA representative TBC	<b>Brain injury after Cardiac Arrest</b> Session Chairs: - Theresa Olasveengen - Markus Skrifvars Speakers: - Mypinder Sekhon - Astrid Hoedemaekers - Cliff Callaway	ECMO (75 min)	Year in review Session Chairs: - Jas Soar - John Madar Speakers: - Dominique Bliant - Ian Drennan - Marjke Hogeveen	<b>Life after Cardiac Arrest</b> Session Chairs: - Bo Winkel - Cliff Callaway Speakers: - Gisela Lilja - Katie Dainty - Kjetil Sundre	POCUS	
	45 min		Collaborative session with UEFA to highlight how we can work together to save more lives - both on and off the pitch!	Short introductions into the mechanisms of brain injury, what to look for and what to do, before we dive into discussions on where we can go from here to improve outcomes. Coffee break		A recap of the most important new science: CPR Paediatric resuscitation Post arrest care Neonatal resuscitation Coffee break	How are our patients really doing after surviving their cardiac arrest? How are their families? And what happens to the bystanders that saved their life - does anyone know? Coffee break		
Morning 2 - 10:00-11:30 60 min session			<b>Oral abstracts - Young Investigator Awards</b> Session Chairs: - Jerry Nolan - Gavin Perkins	<b>Case based discussion Withdrawal of care</b> Session Chairs: - Kjetil Sundre - Laurie Morrison Speakers: - Astrid Hoedemaekers - Claudio Sandroni	<b>Roundtable: Resuscitation 2020</b> Joint session with EUSEM, ACVC, Red Cross	<b>Lancet commission on sudden cardiac death</b> Session Chairs: - Joyce Yeung - Sule Akin Speakers: - Fredrik Folke - Theresa Olasveengen - Bo Winkel	<b>Debate - pro/con Hypothermia studies in Cardiac Arrest</b> Session Chairs: - Cliff Callaway - Ian Drennan Speakers: - Kjetil Sundre - Mypinder Sekhon - Markus Skrifvars	POCUS	
	11:30-13:00 30 min session			A collection of the best abstracts submitted by young scientists, don't miss the Young ERC awards.	Only about half of patients admitted to the ICU after cardiac arrest survive with good outcome. How do we handle withdrawal of life-sustaining therapies after cardiac arrest? Join the discussion!		The Lancet will launch the results from their commission on sudden cardiac death in 2023. This session has the key messages from the commissioners.	Nothing is quite as contentious as hypothermia after cardiac arrest - still! Do we need further studies on hypothermia, or do we have the answers we need?	
12:45-13:00 15 min session		Poster presentations & Lunch		Poster presentations & Lunch		Poster presentations & Lunch		Poster presentations & Lunch	
Afternoon 1 - 13:00-13:45 45 min session	<b>Opening ceremony</b> Speakers: - Marko Noc		<b>Improving equality &amp; diversity in resuscitation</b> Session Chairs: - Koen Monsieurs - Jacqueline Eleonora Ek Speakers: - Paul Chan - Ian Drennan	<b>Case based education Oxygenation &amp; ventilation</b> Session Chairs: - Ian Drennan - Mypinder Sekhon Speakers: - Markus Skrifvars - Janet Bray	<b>VR for CPR training</b> Joint session with SESAM	<b>Oral abstracts</b> Session Chairs: - Gavin Perkins - Federico Semeraro Speakers: - Jan-Thorsten Grasser			
	<b>Welcome to Resuscitation 2023!</b> The traditional Peter Safar lecture, followed by an opening act will get us started.		<b>How do we improve diversity in resuscitation? There are unacceptable inequalities in training, education and access to resuscitation. Where do we start?</b>		<b>New clinical trials give new insights into how we should oxygenate and ventilate after cardiac arrest. Or have they only generated new questions?</b>		<b>A traditional highlight - the very best of the best original science abstracts competing for the ultimate honour.</b>		
Afternoon 2 - 14:00-15:15 75 min session	<b>Roundtable: How do we improve outcomes from IHCA?</b> Session Chairs: - Siobhan Masterson - Sule Akin Speakers: - Francesco Carmona - Keith Couper - Paul Chan - Tino Greif		<b>Special circumstances - traumatic arrest</b> Session Chairs: - Karl Thies - Carsten Lott Speakers: - Carsten Lott - Karl Thies - Fabian Kooij - Robert Tipping - Anatolij Truhlar	<b>What is new in defibrillation?</b> Session Chairs: - Fredrik Folke - Jas Soar Speakers: - Ian Drennan - Giuseppe Ristagno - Andreas Claesson	<b>Roundtable: How to improve outcomes from OHCA?</b> Session Chairs: - Paul Chan - Siobhan Masterson Speakers: - Ian Drennan - Katie Dainty - Joyce Yeung - Patricia Conaghan	<b>Closing ceremony</b> Speakers: - Laurie Morrison			
	<b>Short presentations and a lot of discussions. How about pit crew training or debriefing as important tools? And how can we use our IHCA registry to improve outcomes? We will also get an update from the ILCOR IHCA working group, which recently were tasked to come up with some new ideas and strategies for IHCA.</b>		<b>Practical case based session on how to manage traumatic cardiac arrest. Come meet the experts!</b>		<b>A lot of exciting new defibrillation science! This session includes updates on double sequential defibrillation, pad placement, AMGA and "see through CPR" as well as the updates of drones to dispatch AEDs.</b>		<b>Short presentations and a lot of discussions! Do we need to improve our emergency medical dispatch, promote cardiac arrest centers or do we need novel training strategies? How can we move the needle?</b>		<b>Final words, awards and of course - the Negovsky lecture to round off a great couple of days of resuscitation science and education!</b>
45 min		Coffee break		Coffee break		Coffee break		Coffee break	
Afternoon 3 - 16:00-16:45 45 min session	<b>Case based discussion: When to stop?</b> Session Chairs: - Francesco Carmona - Diana Cimpoesu Speakers: - Peter Paal - Laurie Morrison - Kasper Glerup Lauridsen		<b>Meet the experts - Calcium during Cardiac Arrest</b> Session Chairs: - Jerry Nolan - Therese Djarv Speakers: - Asger Granfeldt - Markus Skrifvars	<b>Case based education: Follow-up after Cardiac Arrest</b> Session Chairs: - Jenny Nolan - Claudio Sandroni Speakers: - Gisela Lilja - Cliff Callaway - Bo Winkel	<b>Meet the experts - Novel training strategies</b> Session Chairs: - Sander van Goor - Carsten Lott Speakers: - Tino Greif - Francesco Carmona - Ilana Lulic	<b>Paediatric resuscitation</b>			
	<b>Engage with your fellow resuscitation specialists - when should we stop our CPR efforts? And when should we not even have started?</b>		<b>Does calcium still have a role in cardiac arrest, or should we never use it again? How to interpret the results from the COCA trial.</b>		<b>Follow-up and rehabilitation after CA - who, when and how?</b>		<b>Novel training strategies to improve survival.</b>		
Afternoon 4 - 16:45-17:30 45 min session	<b>Debate - pro/con ABC vs. ACB?</b> Session Chairs: - Enrico Baldi - Keith Couper Speakers: - Janet Bray - Fredrik Folke - Jana Djakov - Dominique Bliant		<b>Case based education: Special circumstances</b> Session Chairs: - Jacqueline Eleonora Ek - Andreas Claesson Speakers: - Carsten Lott - Therese Djarv	<b>Case based education: Special circumstances</b> Session Chairs: - Marko Noc - Kasper Glerup Lauridsen Speakers: - Gabriel Putzer - Jan Belohrbek	<b>Debate - pro/con IV vs. IO</b> Session Chairs: - Gavin Perkins - Janet Bray Speakers: - Jerry Nolan - Asger Granfeldt	<b>Paediatric post arrest</b>			
	<b>Show-down among adult and paediatric resuscitation specialists - what should we be teaching? Compression only or full CPR? Compression first?</b>		<b>Tips and tricks on the differential diagnosis of the 4 H's and 4 T's during cardiac arrest.</b>		<b>Learn from the experts - How do they manage their ECMO resuscitations.</b>		<b>Engage with your fellow resuscitation specialists - when would you use IV vs. IO? Does it make a difference?</b>
